TRAINING WORKSHOP ON

Conflict Management with SDI Tool

Conflict makes our lives full of stress. It is killing us

Any workplace is tension filled because differences persist on values, perceived goals, expectations for change, experiences. Study shows that 30 to 40% of an executive's time is spent in dealing with conflicts resulting into lower organizational output. Another study shows that over 65% of performance problems result from strained relationships between employees.

The SDI tool of Personal Strengths helps us to eliminate conflict and stress from our life. This also gives us self awareness and an understanding of others resulting in good communication skill.

The SDI is a conflict management and relationship-building tool which has been extensively used by countless companies from around the world such as Exxon, Chase Manhattan Bank, Citicorp, AT&T, Kodak, Dell Inc etc. Tool.
